2024

Health sector emergency report

For the 196th day of aggression

Friday, April 19, 2024

Preparation

Health Emergency Operations Center,

Palestinian Ministry of Health - Gaza Strip

04/20/2024

Report topics

Below are the most important aspects of the daily report of events and reflects a summary of work progress in the Ministry of Health, including a 24-hour update for Friday, 04/19/2024.

First: Summary of the report

- Israeli violations against the health system, its capabilities and cadres, are still continuing, as dozens have been damaged. Health institutions cited more than **490** Of the cadres and medical professionals were arrested **310**.
- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** Foundation, where this led to Directed by **32** hospital **53** A health center for service, targeting and destroying more than **126** Ambulance.
- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4,917** Of my total **9,741** Submitted request For treatment abroad.
- The total number of daily martyrs reached **37** One martyr, while the total daily number of wounded reached a number **68** Half of them wounded Serious injuries.
- The cumulative number of martyrs reached the total number since the beginning of the aggression **34,049** A martyr, one of them **22,482** Complete data Ministry of Health, in addition **11,567** A martyr who does not meet the data. The number of wounded exceeded more than **76,901** wounded.
- The number of reports via the electronic link launched by the Ministry of Health in Gaza on (5- January 2024) to report the martyrs and missing persons - those who remained under the rubble or were buried without reaching hospitals - until now **3,099** Report.
- Registered by the Ministry of Health **28** Deaths due to malnutrition and dehydration in Gaza and North Gaza since last February Even then, most of them were only 12 months old.
- Registered by the Ministry of Health **8** Deaths of children on dialysis to date (02/25/2024).
- The bed occupancy rate in operating hospitals reached more than **253%** The occupancy rate of intensive care beds has reached **%125**.
- The Ministry of Health, through its hospitals and medical centers, continues to provide non-emergency services despite the burden The intense pressure as a result of the brutal aggression reached the total number of operations **12,459** In southern hospitals, The number of patients attending dialysis units in hospitals in the south has piled up, and today their number has reached more than **60** sick, and the maternity service continued despite increased pressure due to the displacement of residents from the areas North.
- The cumulative number of ambulatory services reached more than **100,445** Ambulance service since the beginning of the aggression.

- Government primary care centers continue to operate despite the obstacles, the lack of medicines, the scarcity of water and food, and the lack of security And safety, as the total number of undecided people reached since the beginning of the aggression **1,362,953** Classified **85%** Including emergency services.
- Primary care recorded the number of people infected with infectious diseases, as it reached since the beginning of the aggression **1,164,554** condition.
- The Supreme Committee for Health Emergencies continues its tasks in managing the health system in coordination with partners and entities International and in cooperation with local health institutions.

!

Second: Attacks and violations of the health sector

Stay healthy			first aid	Found S Get healthy ! !		Closing health institutions	
Martyrs	Injuries	Mu will be arrested		Targeted H	partially and completely	Mu will be healed	center correct Y
490	600	310	126	515		32	53

- Israeli violations against the health system led to martyrdom **490** From health personnel and owners Medical expertise and more than one injury **600** And more than one arrest **310**.
- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** institution.
- The Israeli occupation deliberately targeted health institutions, which led to the expulsion **32** hospital **53** Focused Medically, he was out of service due to targeting and running out of fuel.
- Hospitals have lost their treatment and capacity, and medical teams are treating the wounded with very limited capabilities.
- The occupation deliberately targets ambulances, the most recent of which was the targeting of an ambulance transporting injured people Heading to the Arab Republic of Egypt, this led to destruction **more than 126** An ambulance out of service.

* * Attached (1) are the names of the hospitals that are out of service

* * Attached (2) are the names of the martyrs of health personnel during the ongoing Zionist aggression

Massacres against Palestinian families in the Gaza Strip

- The number of families against whom massacres were committed is more than **3,070** family.
- The number of massacres against families in the Gaza Strip on Friday reached (04/19) **4** Massacres.

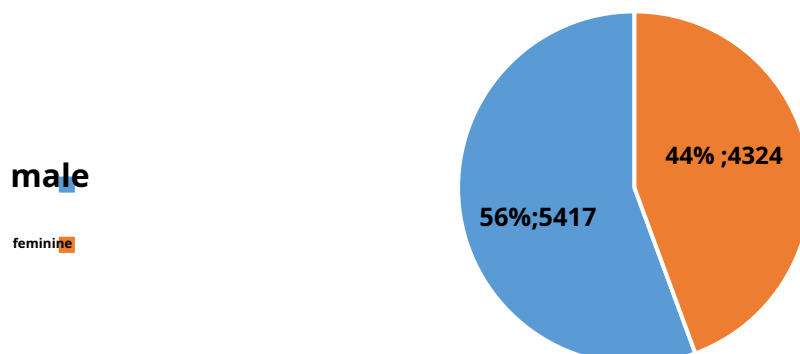

Third: Transferring the wounded abroad

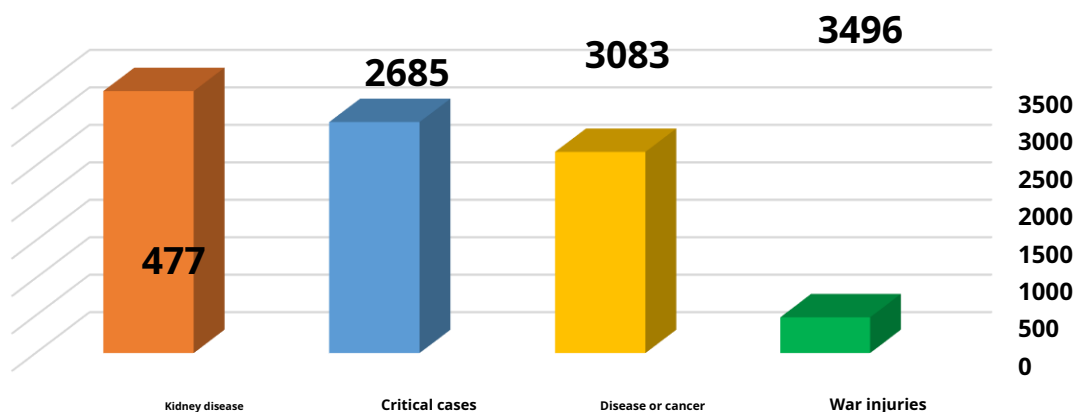

- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4,917** Of my total **9,741** to request
Provided treatment abroad.
- The number is very small compared to the large number of cases that require operations and follow-up.
- There **10,000** An injured person needs to travel for treatment to save a life.
- There **9,000** Cancer patients face the risk of death.

clause	the number
Total requests submitted	9741
Number of cases approved	4917

The distribution of martyrs by gender is cumulative

The distribution of martyrs by age group is cumulative

The distribution of martyrs by hospital is cumulative

**Martyrs of malnutrition and dehydration**

- The death toll from malnutrition and dehydration reached **28** Martyr in the Gaza Strip.
- This number of martyrs from malnutrition and dehydration reflects what reaches hospitals only, and dozens die silently. As a result of starvation, they did not reach hospitals.
- Thousands of children suffer from serious complications that may lead to death as a result of the unavailability of their own milk in Gaza and North Gaza.
- We call on UN institutions and children's institutions around the world to provide milk for children in Gaza and North Gaza.

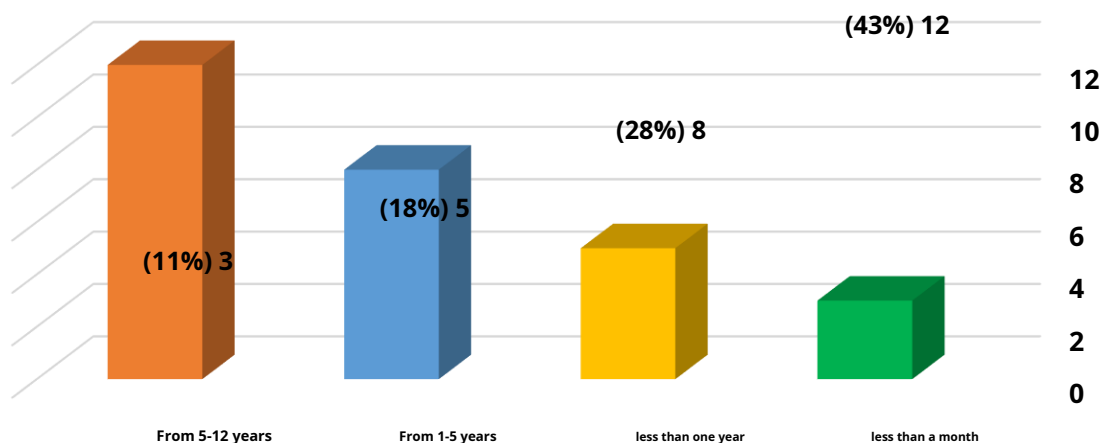

Attachment (3) is a list of the names of martyrs of malnutrition and drought in the Gaza Strip

Distribution of martyrs of malnutrition and dehydration by gender

Distribution of martyrs of malnutrition and dehydration by age group

Registered by the Ministry of Health **8** Deaths of children on dialysis until (02/25/2024). Attached (4) is a list

of the names of dialysis deaths of children during the war until the date of (02/25/2024)

Report of the wounded

The distribution of the wounded by gender is cumulative

Fifth: Hospitals

✓ Accommodation beds in government hospitals in the governorates

- The average bed occupancy in operating hospitals reached more than **253%**.
- All hospital beds were converted into surgical beds (obstetrics and internal medicine), and an expansion was made to receive the wounded.
- To increase the bed capacity of hospitals, early discharge is made for some cases that do not have a problem with their discharge.
- Extra beds were expanded in corridors, tents and schools.

the hospital	Total number of expansion Basis J (before expansion)	Total p Dr The family sold out Expansion	Total p dd The mother family (Disease E + C I will)	Number of wounded (Extreme events)	Family occupancy rate % (Total number of diseases/total Number of basic beds j)
M. Indonesia j	I was out of work due to current events and the targeting of people Tal Israeli Enterprises Health

European Hospital	12	34	15	3	19	52%1
Total	12	34	15	3	19	52%1

note/

- Bed occupancy in intensive care units varies greatly due to the large influx of cases and early discharge of the injured, and this may It exposes patients to danger. A strict policy has been prepared for admission to intensive care, so the numbers do not reflect the current situation.
- Nasser Medical Complex has run out of many intensive care medications.

✓ Statistics of surgical operations

- Total daily surgical operations performed **18** surgery (**14** in M. European Gaza, **4** in M. Al-Najjar) and the total cumulative surgical operations amounted to **12,459** practical.

+ note

- More than one operation was performed on more than one patient in one operating room, and some operations were performed in Corridors, sobriety, and without drugs.
- Cases are not emptied from the recovery ward after operations are performed due to the lack of beds for the injured There are dozens of injured people in the recovery rooms.
- Operating rooms have run out of nitrous gas, and there is a severe shortage of other medical gases.
- Loss of communication with Al-Aqsa martyrs due to the Israeli occupation.
- Nasser Medical Complex was out of service due to the Israeli occupation.

✓ Kidney dialysis departments

• Total dialysis was performed for a number of patients 60 Case in hospitals during 24 hours.
