2024

Health sector emergency report

For the 204th day of aggression

Saturday, April 27, 2024

Preparation

Health Emergency Operations Center,

Palestinian Ministry of Health - Gaza Strip

04/28/2024

Report topics

Below are the most important aspects of the daily report of events and reflects a summary of work progress in the Ministry of Health, including a 24-hour update for Saturday, 04/27/2024.

! First: Summary of the report

- Israeli violations against the health system, its capabilities and cadres, are still continuing, as dozens have been damaged. Health institutions cited more than **491** Of the cadres and medical professionals were arrested **310**.
- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** Foundation, where this led to Directed by **32** hospital **53** A health center for service, targeting and destroying more than **130** Ambulance.
- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4.917** Of my total **9.741** Submitted request For treatment abroad.
- The total daily number of martyrs reached **66** One martyr, while the total daily number of wounded reached a number **138** Half of them wounded Serious injuries.
- The cumulative number of martyrs reached the total number since the beginning of the aggression **34.454** A martyr, one of them **24.087** Data complete Ministry of Health, in addition **10.367** A martyr with incomplete data. The number of wounded exceeded more than **77.575** wounded.
- The number of reports via the electronic link launched by the Ministry of Health in Gaza on (5- January 2024) to report the martyrs and missing persons - those who remained under the rubble or were buried without reaching hospitals - until now **3.160** Report.
- Registered by the Ministry of Health **28** Deaths due to malnutrition and dehydration in Gaza and North Gaza since last February Even then, most of them were only 12 months old.
- Registered by the Ministry of Health **8** Deaths of children on dialysis to date (02/25/2024).
- The bed occupancy rate in operating hospitals reached more than **287%** The occupancy rate of intensive care beds has reached **%192**.
- The Ministry of Health, through its hospitals and medical centers, continues to provide non-emergency services despite the burden The intense pressure as a result of the brutal aggression reached the total number of operations **12.736** In southern hospitals, The number of patients attending dialysis units in hospitals in the south has piled up, and today their number has reached more than **160** sick, and the maternity service continued despite the increased pressure due to the displacement of residents from the areas North.
- The cumulative number of ambulatory services reached more than **101.950** Ambulance service since the beginning of the aggression.

- A severe crisis in ambulances due to destruction **130** One car, and the lack of fuel that led to the stopping of ambulances whose engines run on (gasoline), of what remains are only **19** Only a car with diesel engines distributed to hospitals.
- Government primary care centers continue to operate despite the obstacles, the lack of medicines, the scarcity of water and food, and the lack of security And safety, as the total number of undecided people reached since the beginning of the aggression **1,379,565** Classified **%85** Including emergency services.
- Primary care recorded the number of people infected with infectious diseases, as it reached since the beginning of the aggression **1,320,822** condition.
- The Supreme Committee for Health Emergencies continues its tasks in managing the health system in coordination with partners and entities International and in cooperation with local health institutions.

!

Second: Attacks and violations of the health sector

| Stay healthy | | | first aid | Foundee S awake up H partially and completely | Closing health institutions | |
|--------------|------------|---------------------|------------|--|-----------------------------|------------------|
| Martyrs | Injuries | Mu will be arrested | | | Mu will be healed | center correct Y |
| 491 | 600 | 310 | 130 | 515 | 32 | 53 |

- Israeli violations against the health system led to martyrdom **491** From health personnel and owners Medical expertise and more than one injury **600** And more than one arrest **310**.
- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** institution.
- The Israeli occupation deliberately targeted health institutions, which led to the expulsion **32** hospital **53** Focused Medically, he was out of service due to targeting and running out of fuel.
- Hospitals have lost their treatment and capacity, and medical teams are treating the wounded with very limited capabilities.
- The occupation deliberately targets ambulances, the most recent of which was the targeting of an ambulance transporting injured people Heading to the Arab Republic of Egypt, this led to destruction **more than 126** An ambulance out of service.

* * Attached (1) are the names of the hospitals that are out of service

* * Attached (2) are the names of the martyrs of health personnel during the ongoing Zionist aggression

Massacres against Palestinian families in the Gaza Strip

- The number of families against whom massacres were committed is more than **3.111** family.
- The number of massacres against families in the Gaza Strip on Saturday reached (27/04) **7** Massacres.

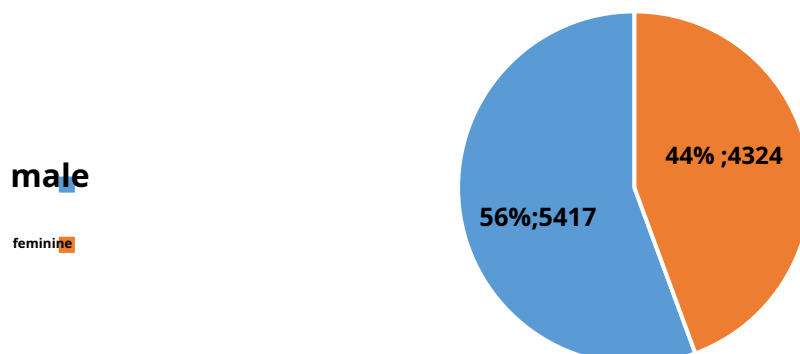

Third: Transferring the wounded abroad

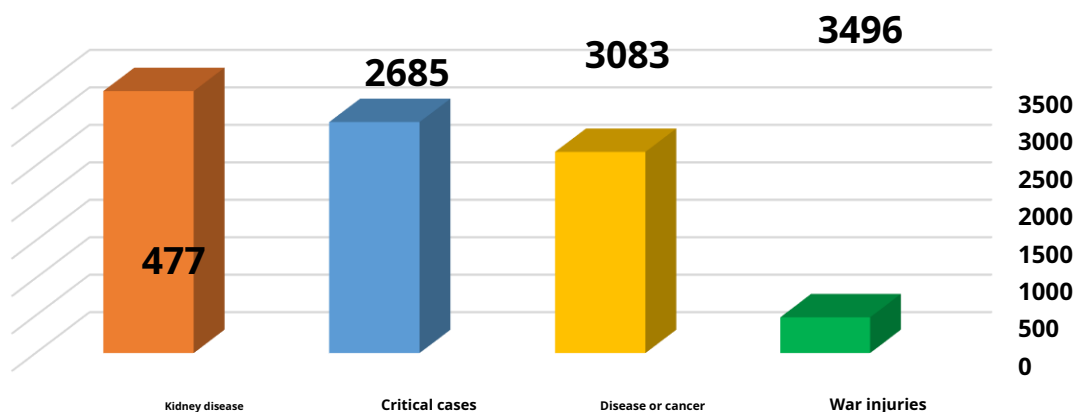

- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4,917** Of my total **9,741** to request
Provided treatment abroad.
- The number is very small compared to the large number of cases that require operations and follow-up.
- There **10,000** An injured person needs to travel for treatment to save a life.
- There **9,000** Cancer patients face the risk of death.

The distribution of martyrs by gender is cumulative

The distribution of martyrs by age group is cumulative

The distribution of martyrs by hospital is cumulative

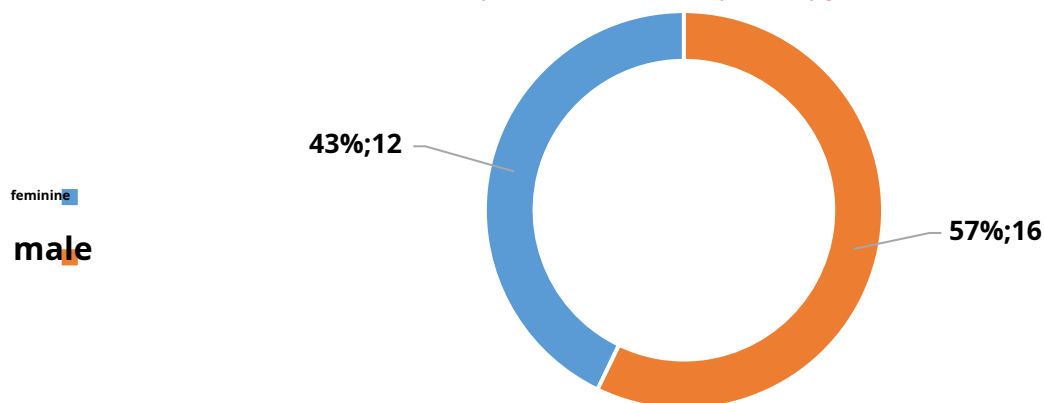

**Martyrs of malnutrition and dehydration**

- The death toll from malnutrition and dehydration reached **28** Martyr in the Gaza Strip.
- This number of martyrs from malnutrition and dehydration reflects only what reaches hospitals, and dozens die silently. As a result of starvation, they did not reach hospitals.
- Thousands of children suffer from serious complications that may lead to death as a result of the unavailability of their own milk in Gaza and North Gaza.
- We call on UN institutions and children's institutions around the world to provide milk for children in Gaza and North Gaza.

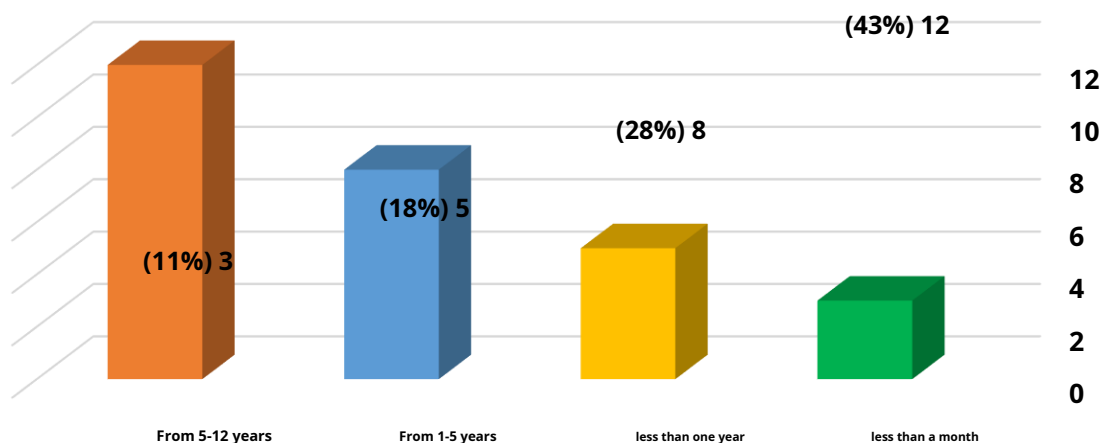

Attachment (3) is a list of the names of martyrs of malnutrition and drought in the Gaza Strip

The distribution of the wounded by age group is cumulative

The distribution of the wounded by hospital is cumulative

Fifth: Hospitals

✓ Accommodation beds in government hospitals in the governorates

- The average bed occupancy in operating hospitals reached more than **287%**.
- All hospital beds were converted into surgical beds (obstetrics and internal medicine), and an expansion was made to receive the wounded.
- To increase the bed capacity of hospitals, early discharge is made for some cases that do not have a problem with their discharge.
- Extra beds were expanded in corridors, tents and schools.

| the hospital | Total number of expansion Basis J (before expansion) | Total p Dr The family sold out Expansion H | Total p dd The mother family (Disease E + C I will be Yes | Number of wounded (Extreme events) | Family occupancy rate % (Total number of diseases/total Number of basic beds j) |
|--------------------------|--|--|---|--|---|
| M. Indonesia j | I was out of work due to current events and the targeting of people Tal Israeli Enterprises Health | | | | |
| Al-Shifa Medical Complex | | | | | |
| M. Kamal Adwan | | | | | |
| Nasser Medical Complex | | | | | |
| M. Martyrs of Al-Aqsa | Communication interruption due to the occupation RELI | | | | |
| M. European Gaza | 258 | 582 | 584 | 436 | 226% |
| M. Abu Youssef Al-Najjar | 56 (of which 21 came out due to maintenance) | 80 | 195 | 10 | 348% |
| Total | 314 | 662 | 779 | 446 | 287% |

✓ Intensive care in government hospitals

- The occupancy rate of care beds in operating hospitals reached more than **%192**.

| the hospital | Number of beds ICU the basic | Number of ICU beds Expansion | Total ADDr The mother family (Disease E + C H) | Number of sRah inhabited (a H dath Cutjes | Number of beds Available | ratehat (total p Dr Disease/total number of unl patients (base number) |
|--------------------|--|---------------------------------|--|---|-----------------------------|---|
| Al-Shifa Complex |  I was out of work due to the current events and the targeting of the establishment by the Israeli occupation S Health care | | | | | |
| Indonesian j | | | | | | |
| Nasser Hospital | | | | | | |
| Martyrs of Al-Aqsa |  Communication interruption due to the Israeli occupation | | | | | |
| European Hospital | 12 | 34 | 23 | 11 | 11 | 2%19 |
| Total | 12 | 34 | 23 | 11 | 11 | 2%19 |

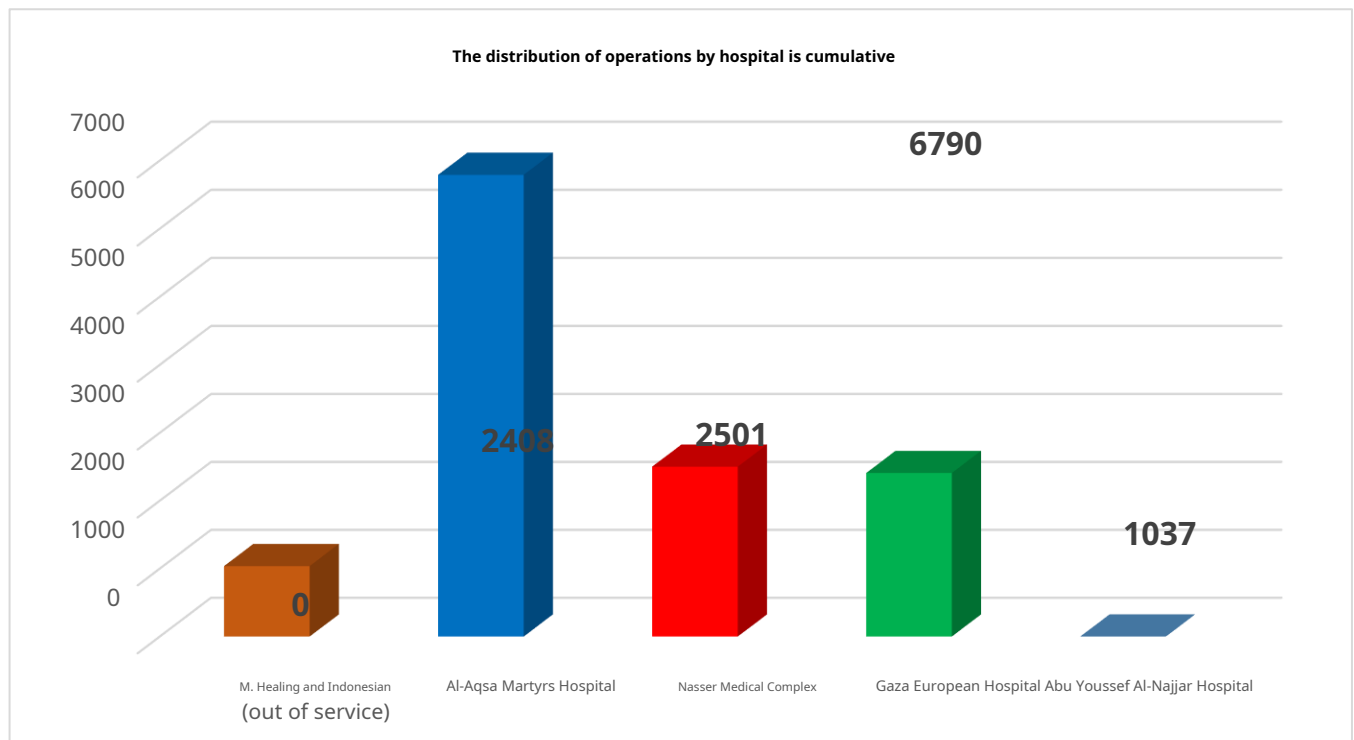

note/

- Bed occupancy in intensive care units varies greatly due to the large influx of cases and early discharge of the injured, and this may It exposes patients to danger. A strict policy has been prepared for admission to intensive care, so the numbers do not reflect the current situation.
- Nasser Medical Complex has run out of many intensive care medications.

✓ Statistics of surgical operations

- Total daily surgical operations performed **34** surgery (**31** In M. European Gaza, **3** In M. Al-Najjar) and the total cumulative surgical operations amounted to **12,736** practical.

+ note

- More than one operation was performed on more than one patient in one operating room, and some operations were performed in Corridors, sobriety, and without drugs.
- Cases are not emptied from the recovery ward after operations are performed due to the lack of beds for the injured There are dozens of injured people in the recovery rooms.
- Operating rooms have run out of nitrous gas, and there is a severe shortage of other medical gases.
- Interruption of communication with Al-Aqsa martyrs due to the Israeli occupation.
- Nasser Medical Complex was out of service due to the Israeli occupation.

Kidney dialysis departments

• Total dialysis was performed for a number of patients **160** Case in hospitals during 24 hours.

| # | the hospital | number of units | the number of patients | Observing T |
|-------|--------------------|---|------------------------|-----------------------|
| 1 | M. Indonesian j | <div><div><div></div><div></div><div></div></div><div>I went out of work due to the current events and the targeting of the institution by the Israeli occupation</div></div> <div>T Health.</div> | | |

Its proximity to the areas citizens to reach them) and staff were distributed among the centers in the governorates. ▪ Primary care services are provided in 48 medical points distributed in shelters and citizens' gathering centers in the city of Rafah and Khan Yunis. ▪ shortage. Which used to work in the central laboratory at the Turkish Hospital, and now the devices, TSH, and PKU tests have been stopped And not available. ▪ Been received 70,000 maternal and child health booklets from UNICEF. | | | | | | | | |
| Obstacles | <ul style="list-style-type: none"> ▪ A severe shortage of the nursing workforce and a limited shortage of doctors, especially in the Gaza region due to the displacement of citizens to South B Gaza strip ▪ The work environment is disastrous due to interruptions in electricity, water, and food supplies, and the absence of security and safety. ▪ A shortage of medicines and medical consumables and a shortage of primary care items of more than 60% of the core list of primary care medications. ▪ 350,000 chronic patients are without medication, and this leads to serious health complications for chronic patients. ▪ Difficulty in getting employees to their workplaces in health centers. ▪ Intense pressure from people visiting health centers due to the displacement of citizens and the cessation of services provided by the relief agency. ▪ We are unable to reopen new centers to provide vaccination services due to the lack of nursing staff. ▪ The closure of most UNRWA centers for their services has increased the pressure of people visiting primary care centres. ▪ The accumulation of displaced people in the southern regions increased the work pressure on primary care centers in the south. ▪ The crowding of displaced people in shelter centers in light of these cold conditions has increased the spread of respiratory, skin, and other infectious Which constitutes diseases. A threat to the health system and citizens. ▪ Attack on working crews by citizens (chaos in all our centers, where citizens exceed all limits in order to charge their mobile phones m and batteries Their homes and to fill water... etc. | | | | | | | | |

Distribution of daily visitors to primary care according to the type of service provided - daily

Distribution of daily visitors to primary care according to the type of service provided - cumulative

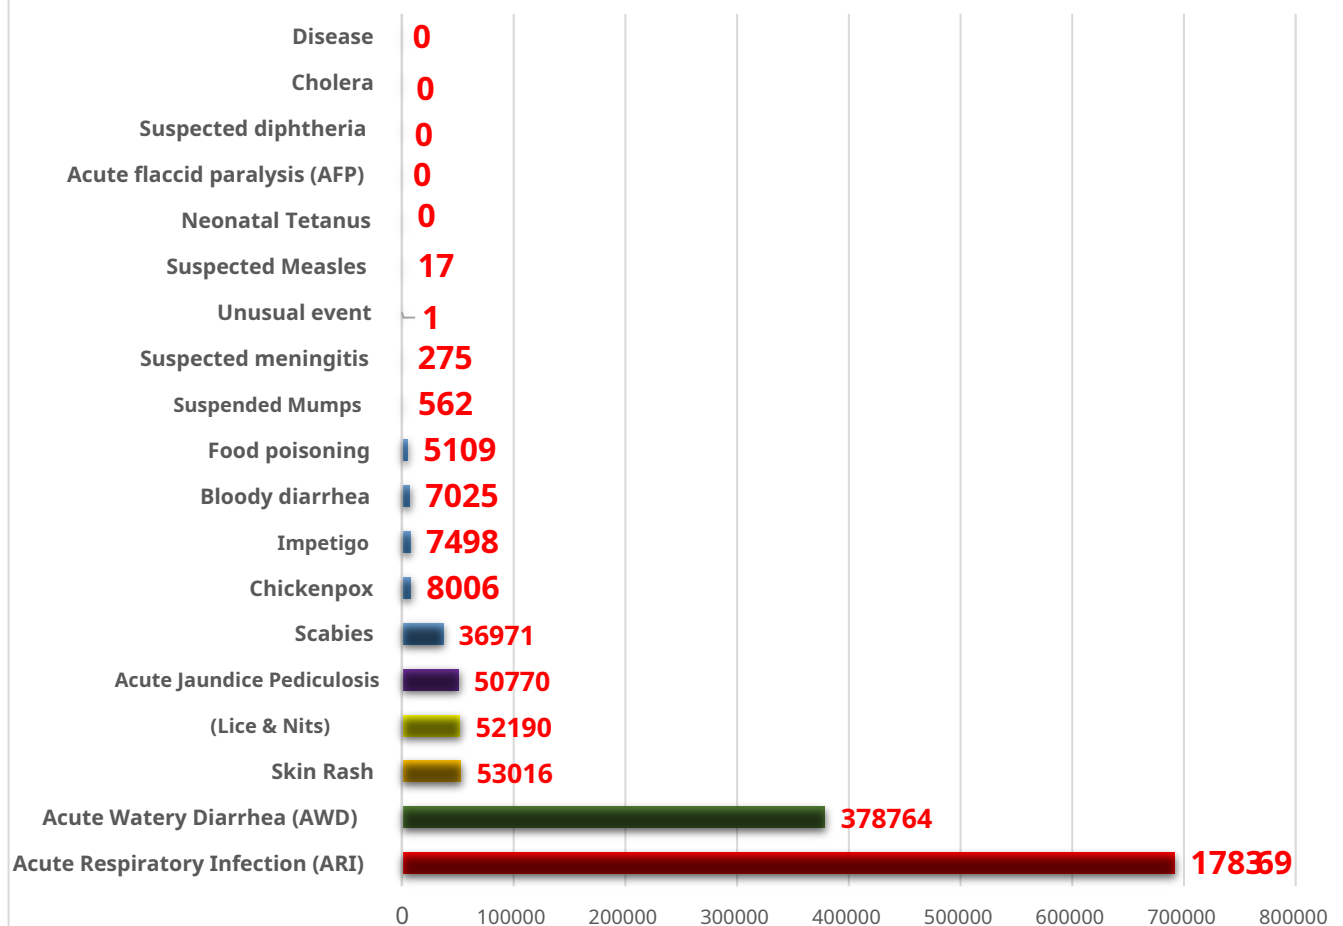

Cumulative infectious diseases report from the beginning of the aggression until the date of (04/14/2024)

- Monitored and recorded **1,320,822** Infectious case in primary care centers, government and UNRWA.
- Of them **52,190** A case of hepatitis C type infection **AA** as a result of massive overcrowding in shelter centers Low levels of hygiene in places of displacement in the Gaza Strip.
- No survey was conducted for infectious diseases in shelter centers and gathering places for those displaced due to the bombing The continuous and dangerous movement of human staff.

Distribution of infectious cases registered in primary care centers and UNRWA by type of disease

(24 October to 14 Apr 2024)

Eighth: Laboratories and blood banks

A detailed table of blood units and laboratory materials available in hospitals

note

- There is a large shortage of blood units, as donors have been depleted due to repeated donations, and there is consumption of materials Laboratory and devices
Therefore, we want to appeal to international bodies and institutions to bring blood units from outside the Gaza Strip
- Laboratory examination of blood (About to stop due to a major shortage of its materials (CBC).
- The laboratories of the northern and Gaza hospitals and the Nasser Medical Complex are out of service due to current events
- Gradual return of work at the Al-Shifa Medical Complex blood bank.

Attachment (1) names of hospitals that are out of service (32)
