State of Palestine

Health sector emergency report

For the 205th day of aggression

Sunday, April 28, 2024

Preparation

Health Emergency Operations Center,

Palestinian Ministry of Health - Gaza Strip

04/29/2024

Report topics

Below are the most important aspects of the daily report of events and reflects a summary of work progress in the Ministry of Health, including a 24-hour update for Sunday, 04/28/2024.

First: Summary of the report

- Israeli violations against the health system, its capabilities and cadres, are still continuing, as dozens have been damaged.
 - Health institutions cited more than **491** Of the cadres and medical professionals, they were arrested **310**.
 - The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** Foundation, where this led to Directed by **32** hospital **53** A health center for service, targeting and destroying more than **126** Ambulance.
 - The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4,917** Of my total **9,741** Submitted request For treatment abroad.
 - The total number of daily martyrs reached **34** One martyr, while the total daily number of wounded reached a number **68** Half of them wounded Serious injuries.
 - The cumulative number of martyrs reached the total number since the beginning of the aggression **34,488** A martyr, one of them **24,093** Data complete Ministry of Health, in addition **10,395** A martyr with incomplete data. The number of wounded exceeded more than **77,643** wounded.
 - The number of reports via the electronic link launched by the Ministry of Health in Gaza on (5- January 2024) to report the martyrs and missing persons - those who remained under the rubble or were buried without reaching hospitals - until now. **3,160** Report.
 - Registered by the Ministry of Health **28** Deaths due to malnutrition and dehydration in Gaza and North Gaza since last February
!
 Even then, most of them were only 12 months old.
 - Registered by the Ministry of Health **8** Deaths of children on dialysis to date (02/25/2024).
- The bed occupancy rate in operating hospitals reached more than **%246** The occupancy rate of intensive care beds has reached **183%**.
- The Ministry of Health, through its hospitals and medical centers, continues to provide non-emergency services despite the burden The intense pressure as a result of the brutal aggression reached the total number of operations **12,770** In southern hospitals, The number of patients attending dialysis units in hospitals in the south has piled up, and today their number has reached more than **150**sick, and the maternity service continued despite the increased pressure due to the displacement of residents from the areas North.
- The cumulative number of ambulance services reached more than **101,950** Ambulance service since the beginning of the aggression.

- A severe crisis in ambulances as a result of the destruction **130** car, including fuel shortages, led to cars stopping

Ambulances whose engines run on gasoline are the only ones left **19** car that only runs on diesel engines

Distributed to hospitals.

- Governmental primary care centers continue to work despite the obstacles, the lack of medicines, the scarcity of water and food, and the lack of security And

safety, as the total number of undecided people reached since the beginning of the aggression **1,391,584** Classified **%85** Including emergency services.

- Primary care recorded the number of people infected with infectious diseases, as it reached since the beginning of the aggression **1,164,544** condition.

- The Supreme Committee for Health Emergencies continues its tasks in managing the health system in coordination with partners and entities

International and in cooperation with local health institutions.

!

Second: Attacks and violations of the health sector

Stay healthy			first aid	Founded S avake up Targeted H partially and completely	Closing health institutions	
Martyrs	Injuries	M u will be arrested			M u will be healed	Y center correct
491	600	310	126	515	32	53

- Israeli violations against the health system led to martyrdom **491** From health personnel and owners Medical expertise

and more than one injury **600** And more than one arrest **310**.

- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** institution.

- The Israeli occupation deliberately targeted health institutions, which led to the expulsion **32** hospital **53** Focused Medically, he was out of service due to targeting and running out of fuel.

Hospitals have lost their treatment and capacity, and medical teams are treating the wounded with very limited capabilities.

The occupation deliberately targets ambulances, the most recent of which was the targeting of an ambulance transporting

injured people Heading to the Arab Republic of Egypt, this led to destruction **more than 126** An ambulance out of service.

* * Attached (1) are the names of the hospitals that are out of service

* * Attached (2) are the names of the martyrs of health personnel during the ongoing Zionist aggression

Massacres against Palestinian families in the Gaza Strip

- The number of families against whom massacres were committed is more than **3,114** family.

- The number of massacres against families in the Gaza Strip on Sunday reached (28/04) **3** Massacres.

!

Third: Transferring the wounded abroad

- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4,917** Of my total **9,741** to request

Provided treatment abroad.

The number is very small compared to the large number of cases that require operations and follow-up.

- there **10,000** An injured person needs to travel for treatment to save a life.

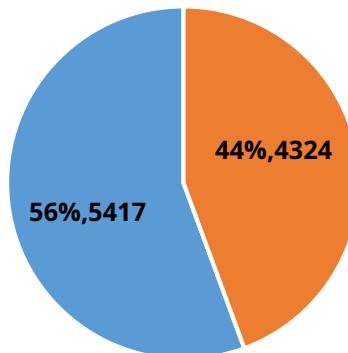

- there **9,000** Cancer patients face the risk of death.

Cumulative distribution of wounded by hospital

! Fifth: Hospitals

- Accommodation beds in government hospitals in the governorates

The average bed occupancy in operating hospitals reached more than **%246**.

- All hospital beds were converted into surgical beds (obstetrics and internal medicine), and an expansion was made to receive the wounded.

In order to increase the clinical capacity of hospitals, early discharge is made for some cases in which there is no problem with their discharge.

- Extra beds were expanded in corridors, tents and schools.

the hospital	Total number of expanded beds Basis j (before expansion)	Total p Dr The family sold out Expansion H	Total p dd Dr Atdd Yes	Number of wounded (Extreme events)	Family occupancy rate % (Total number of diseases/total Number of basic beds j)

Martyrs of Al-Aqsa			Communication interruption due to the Israeli occupation		
European Hospital	12	34	22	11	3%18
Total	12	34	22	11	3%18

+ note/

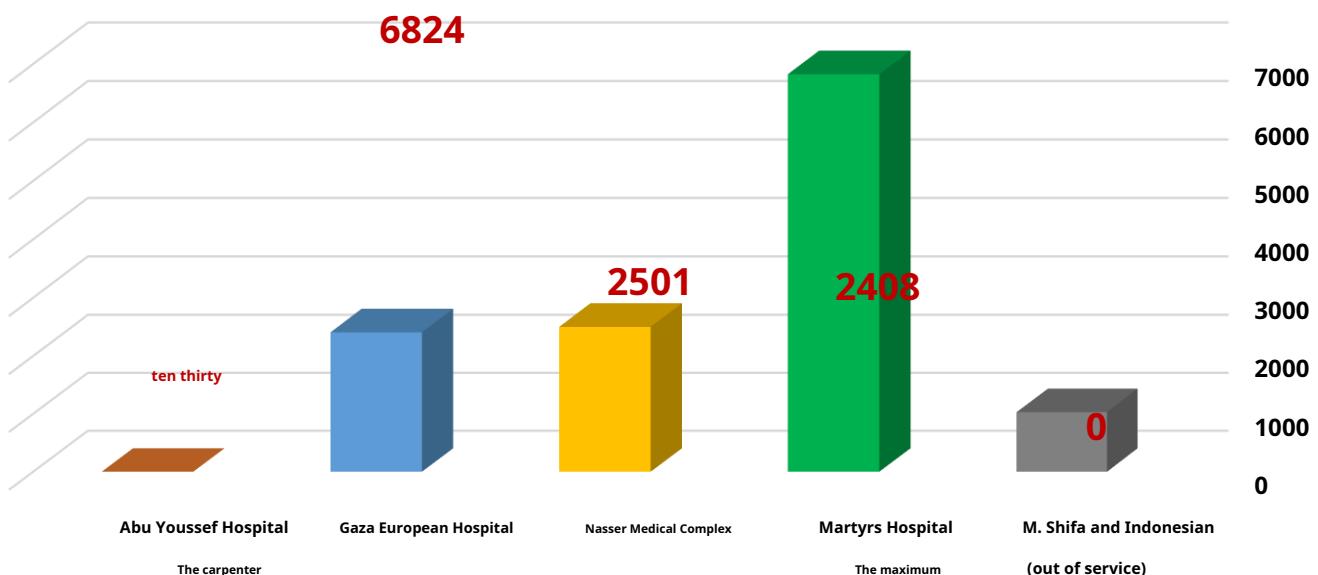

- Bed occupancy in intensive care units varies greatly due to the large influx of cases and early discharge of the injured, and this may expose patients to danger. A strict policy has been prepared for admission to intensive care, so the numbers do not reflect the current situation.
- Nasser Medical Complex has run out of many intensive care medications.

- **Statistics of surgical operations**

- Total daily surgical operations performed **37** surgery (**34** In M. European Gaza, **3** In M. Al-Najjar) and the total cumulative surgical operations amounted to **12,770** practical.

The distribution of operations by hospital is cumulative

note

- More than one operation was performed on more than one patient in one operating room, and some operations were performed in Corridors, sobriety, and without drugs.
- Cases are not emptied from the recovery ward after operations are performed due to the lack of beds for the injured There are dozens of injured people in the recovery rooms.
- Nitrous gas has run out in operating rooms, and there is a shortage of other medical gases.
- Loss of communication with Al-Aqsa martyrs due to the Israeli occupation.
- Nasser Medical Complex was out of service due to the Israeli occupation.

- Kidney dialysis departments

- Total dialysis was performed for a number **150** Case in hospitals during 24 hours.
