## **Health sector emergency report**

**For the 181st day of aggression**

**Thursday, April 4, 2024**

**Preparation**

**Health Emergency Operations Center,**

**Palestinian Ministry of Health - Gaza Strip**

04/05/2024

## Report topics

Below are the most important aspects of the daily report of events and reflects a summary of work progress in the Ministry of Health, including a 24-hour update for Thursday, 04/04/2024.

### **First: Summary of the report**

- Israeli violations against the health system, its capabilities and cadres, are still continuing, as dozens have been damaged.  
Health institutions cited more than **489** Of the cadres and medical professionals, they were arrested **310**.
- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** Foundation, where this led to Directed by **32** hospital **53** A health center for service, targeting and destroying more than **126** Ambulance.
- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **4,373** Of my total **14,311** An application submitted for treatment abroad, which represents a percentage **%47** Since the beginning of the aggression.
- The total number of daily martyrs reached **54** One martyr, while the total daily number of wounded reached a number **82** Half of them wounded Serious injuries.
- The cumulative number of martyrs reached the total number since the beginning of the aggression **33,091** A martyr, one of them **21,720** Data complete Ministry of Health, in addition **11,371** A martyr with incomplete data. The number of wounded exceeded more than **75,750** wounded.
- The number of reports via the electronic link launched by the Ministry of Health in Gaza on (5- January 2024) to report the martyrs and missing persons - those who remained under the rubble or were buried without reaching hospitals - until now. **2,786** Report.

- Registered by the Ministry of Health **28** Deaths due to malnutrition and dehydration in Gaza and North Gaza since last February  
!  
Even then, most of them were only 12 months old.

The bed occupancy rate in operating hospitals reached more than **%313** The occupancy rate of intensive care beds has reached **258%**.

The Ministry of Health, through its hospitals and medical centers, continues to provide non-emergency services despite the burden The intense pressure as a result of the brutal aggression reached the total number of operations **11,958** In southern hospitals, The number of patients attending dialysis units in hospitals in the south has piled up, and today their number has reached more than **170** sick, and the maternity service continued despite increased pressure due to the displacement of residents from the areas North.

- The cumulative number of ambulance services reached more than **97,001** Ambulance service since the beginning of the aggression.
- Governmental primary care centers continue to work despite the obstacles, the lack of medicines, the scarcity of water and food, and the lack of security And safety, as the total number of undecided people reached since the beginning of the aggression **1,143,354** Classified **75%** Including emergency services.

- Primary care recorded the number of people infected with infectious diseases, as it reached since the beginning of the aggression **1,088,764** condition.

- The Supreme Committee for Health Emergencies continues its tasks in managing the health system in coordination with partners and entities

International and in cooperation with local health institutions.

!

#### Second: Attacks and violations of the health sector

Stay healthy			first aid	Founders	Get healthy	Closing health institutions			
Martyrs	Injuries	M		Targeted	H	partially and completely	M	u will be healed	center correct
<b>489</b>	<b>600</b>	<b>310</b>	<b>126</b>		<b>515</b>		<b>32</b>		<b>35</b>

- Israeli violations against the health system led to martyrdom **489** From health personnel and owners Medical expertise

and more than one injury **600** And more than one arrest **310**.

- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** institution.

- The Israeli occupation deliberately targeted health institutions, which led to the expulsion **32** hospital **53** Focused Medically, he was out of service due to targeting and running out of fuel.

Hospitals have lost their treatment and capacity, and medical teams are treating the wounded with very limited capabilities.

The occupation deliberately targets ambulances, the most recent of which was the targeting of an ambulance transporting

injured people Heading to the Arab Republic of Egypt, this led to destruction **more than 126** An ambulance out of service.

\* \* Attached (1) are the names of the hospitals that are out of service

\* \* Attached (2) are the names of the martyrs of health personnel during the ongoing Zionist aggression

#### Massacres against Palestinian families in the Gaza Strip

- The number of families against whom massacres were committed is more than **3,009** family.

The number of massacres against families in the Gaza Strip on Thursday reached (04/04) **5** Massacres.

!

**Third: Transferring the wounded abroad**

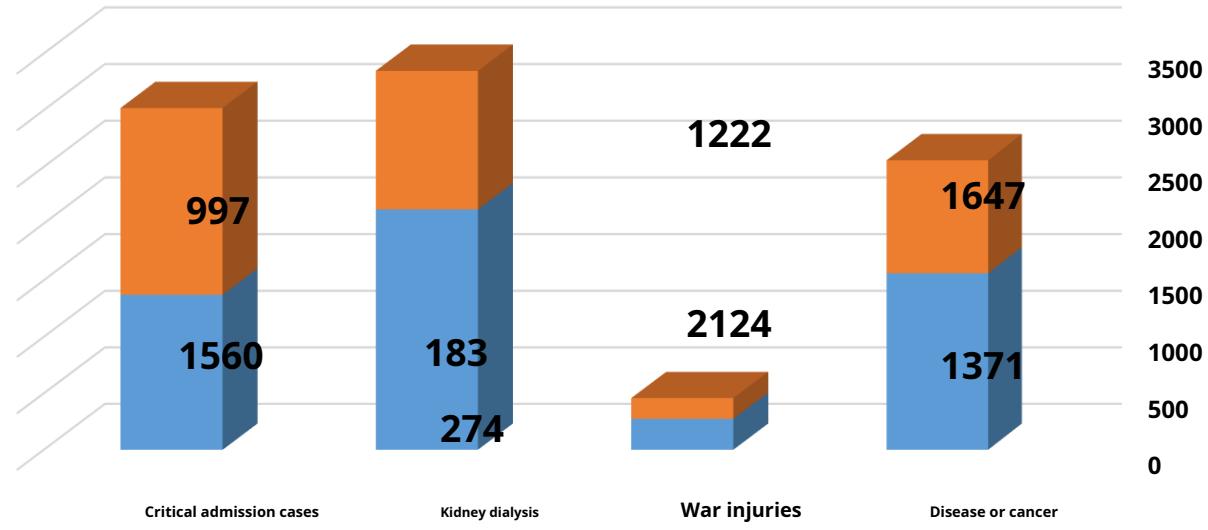

- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing 4,373 Of my total 14,311 An application submitted for treatment abroad, which represents a percentage 47% Since the beginning of the aggression.

The number is very small compared to the large number of cases that require operations and follow-up.

- there 10,000 An injured person needs to travel for treatment to save a life.
- there 9,000 Cancer patients face the risk of death.

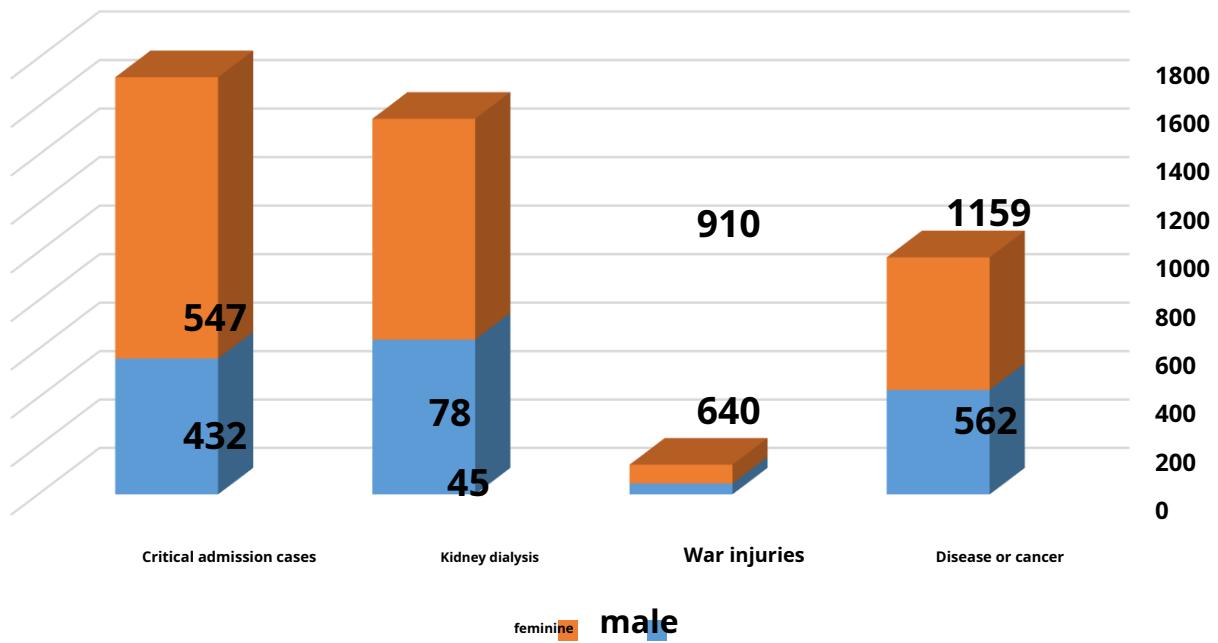

clause	the number	%
Number of applications submitted	<b>4311</b>

Distribution of martyrs received by the Ministry of Health according to age group

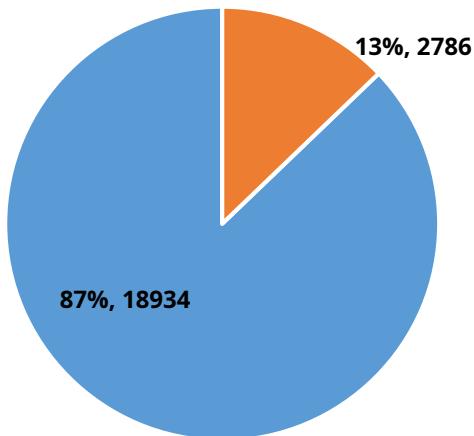

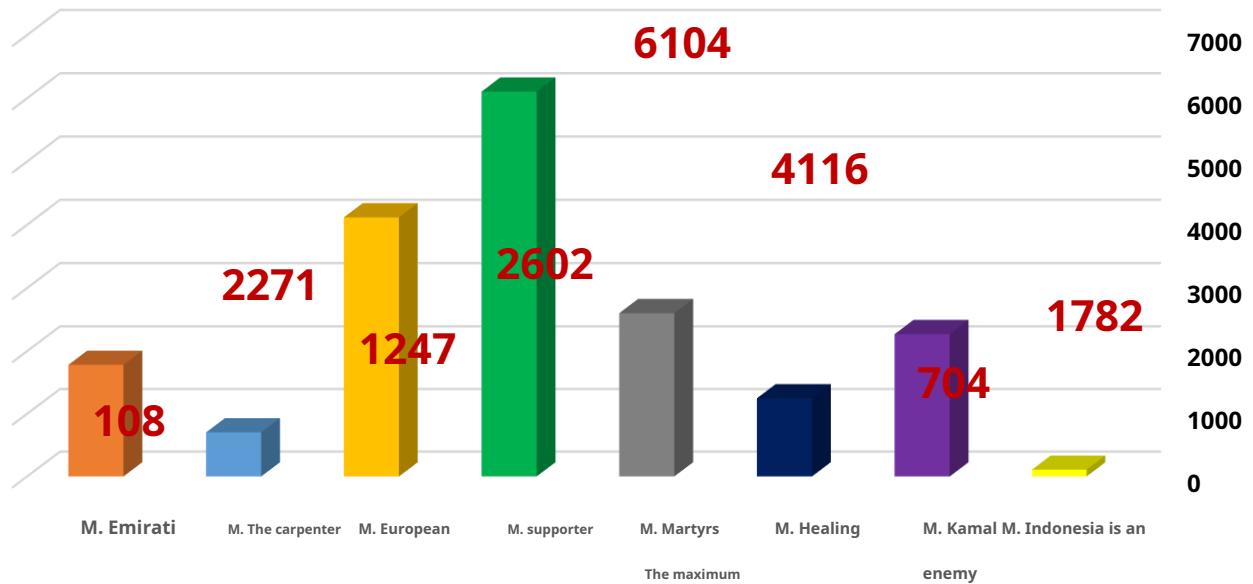

**Distribution of martyrs received by the Ministry of Health according to registration/reporting**

Medical staff registration ■

Informing the families of the martyrs ■

**The distribution of martyrs by hospital is cumulative**

**note//**

- Martyrs with complete information are the martyrs listed in the records of the Ministry of Health who were registered through the medical staff Directly, or through informing the families of the martyrs.
- The martyrs do not have complete information that includes (identity number, full name, gender, date of birth, date of martyrdom) and are missing Any of this data is considered incomplete data.
- These numbers of martyrs are directly related to injuries resulting from direct attacks of war and do not include deaths Natural.
- These numbers do not include missing persons and bodies trapped under the rubble.

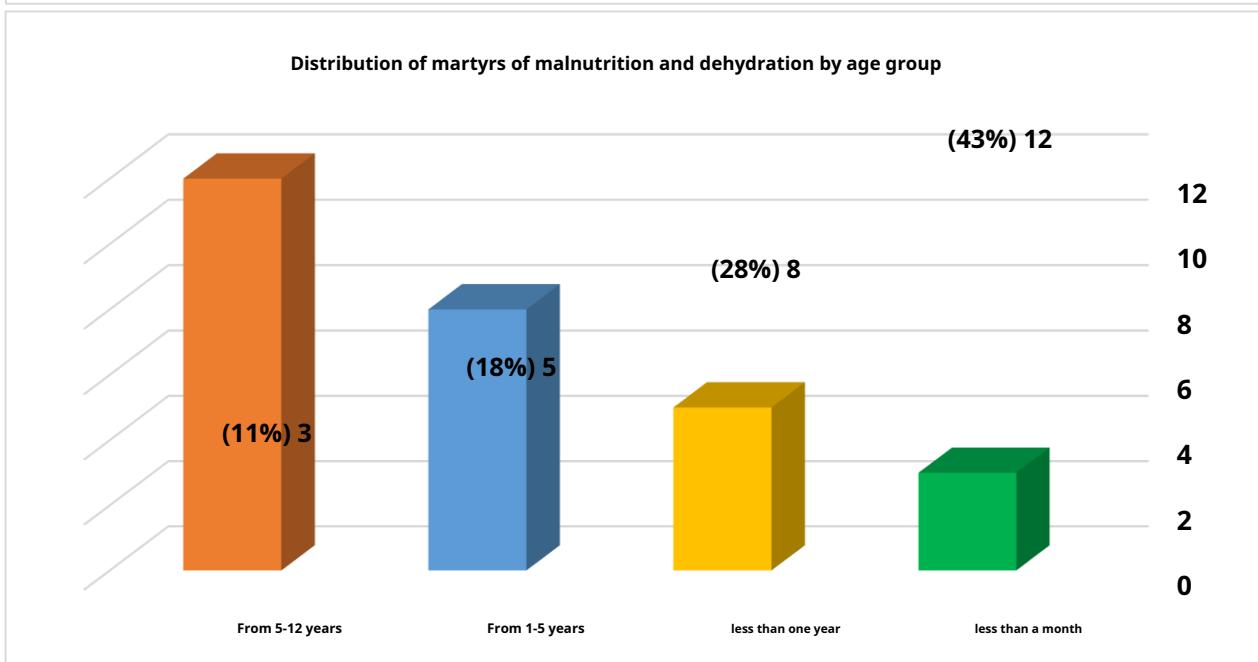

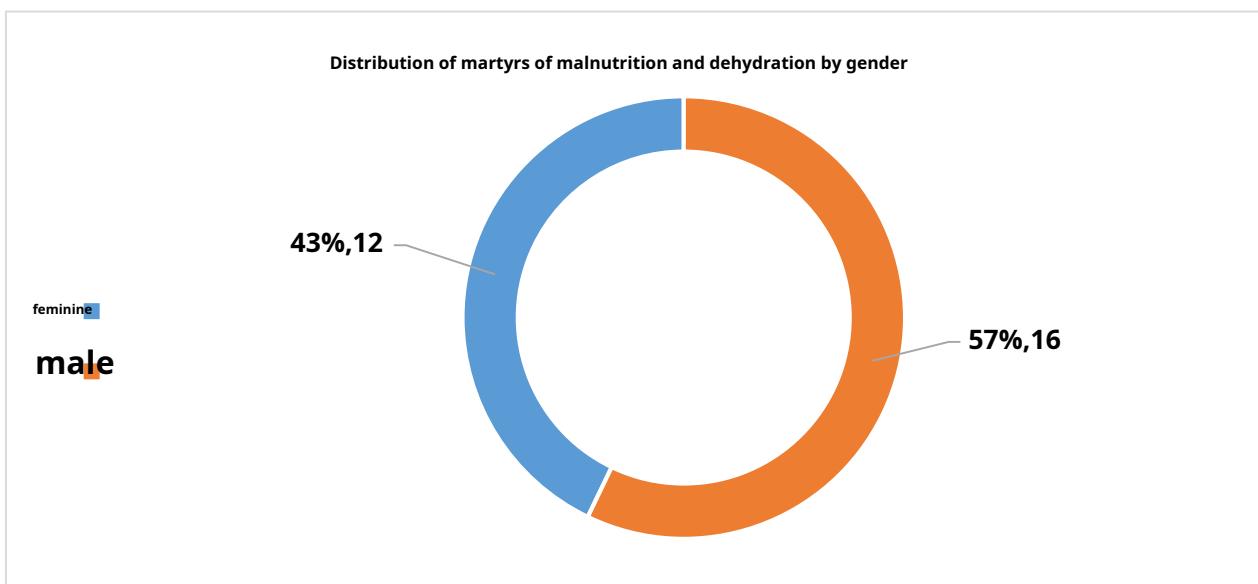

**- Martyrs of malnutrition and dehydration**

- The death toll from malnutrition and dehydration reached **28** Martyr in the Gaza Strip.
- This number of martyrs from malnutrition and dehydration reflects what reaches hospitals only, and dozens die silently As a result of starvation, they did not reach hospitals.
- Thousands of children suffer from serious complications that may lead to death as a result of the unavailability of their own milk in Gaza and North Gaza.

We call on UN institutions and children's institutions around the world to provide milk for children in Gaza and North Gaza.

 Attachment (3) is a list of the names of martyrs of malnutrition and drought in the Gaza Strip

Report of the wounded

- Daily report for the wounded

- The total number of wounded reached during last 24 hours **82** injured.

The distribution of the wounded by age group is cumulative

The distribution of the wounded by hospital is cumulative

## ! Fifth: Hospitals

- Accommodation beds in government hospitals in the governorates

The average bed occupancy in operating hospitals reached more than **%313**.

- All hospital beds were converted into surgical beds (obstetrics and internal medicine), and an expansion was made to receive the wounded.

In order to increase the clinical capacity of hospitals, early discharge is made for some cases in which there is no problem with their discharge.

- Extra beds were expanded in corridors, tents and schools.

the hospital	Total number of expanded beds Basis j (before expansion)	Total population Dr The family size out Expansion H	Total population dd The mother family Atod Yes	Number of wounded (Extreme events )	Family occupancy rate % (Total number of diseases/total Number of basic beds j)

<b>Total</b>	<b>12</b>	<b>34</b>	<b>31</b>	<b>30</b>	<b>3</b>	<b>85%2</b>

### + note/

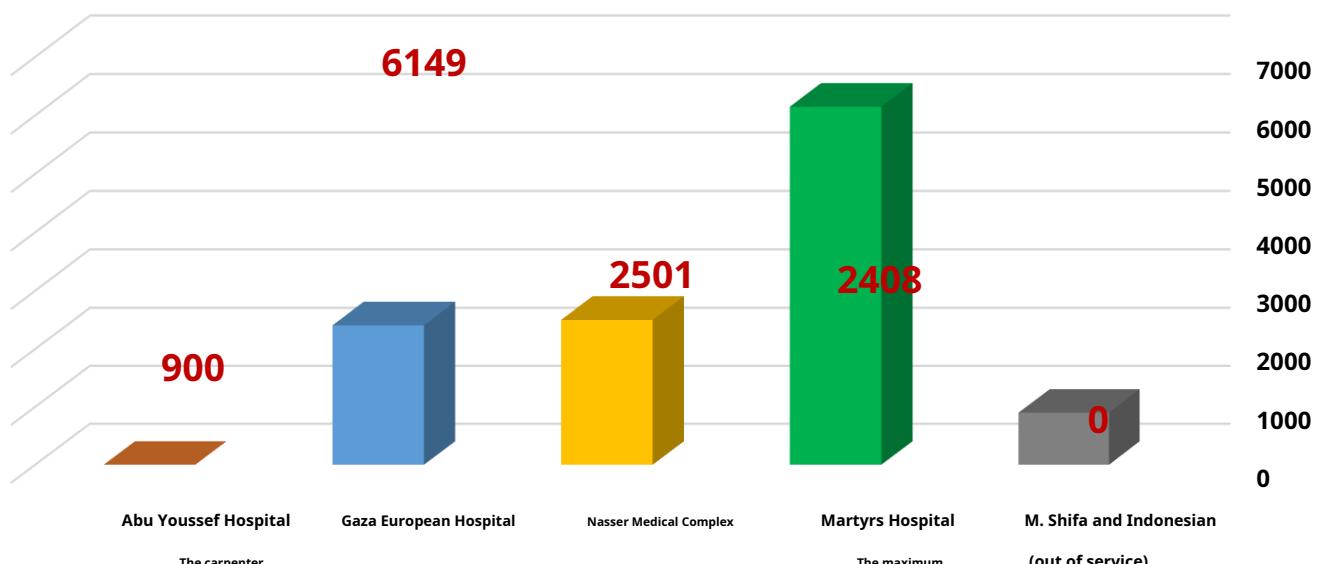

- Bed occupancy in intensive care units varies greatly due to the large influx of cases and early discharge of the injured, and this may expose patients to danger. A strict policy has been prepared for admission to intensive care, so the numbers do not reflect the current situation.
- Nasser Medical Complex has run out of many intensive care medications.

- **Statistics of surgical operations**

- Total daily surgical operations performed **43** surgery (33 in AD. European Gaza, 10 in AD. Al-Najjar) and the total cumulative surgical operations amounted to **11,958** practical.

**The distribution of operations by hospital is cumulative**

**note**

- More than one operation was performed on more than one patient in one operating room, and some operations were performed in Corridors, sobriety, and without drugs.
- Cases are not emptied from the recovery ward after operations are performed due to the lack of beds for the injured There are dozens of injured people in the recovery rooms.
- Nitrous gas has run out in operating rooms, and there is a shortage of other medical gases.
- Loss of communication with Al-Aqsa martyrs due to the Israeli occupation.
- Nasser Medical Complex was out of service due to the Israeli occupation.

## - Kidney dialysis departments

- Total dialysis was performed for a number **170** Case in hospitals during 24 hours.

#	the hospital	number of units	the number	Observing T
