## **Health sector emergency report**

**For the 149th day of aggression**

**Sunday, March 3, 2024**

**Preparation**

**Health Emergency Operations Center,**

**Palestinian Ministry of Health - Gaza Strip**

04/03/2024

## Report topics

Below are the most important aspects of the daily report of events and reflects a summary of work progress in the Ministry of Health, including a 24-hour update for Sunday, 03/03/2024.

### **First: Summary of the report**

- Israeli violations against the health system, its capabilities and cadres, are still continuing, as dozens have been damaged.
- Health institutions cited more than **348** Of the cadres and medical professionals, they were arrested **269**.
- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** Foundation, where this led to Directed by **32** hospital **53** A health center for service, targeting and destroying more than **126** Ambulance.
- The number of people transferred from the Gaza Strip for treatment abroad through the Rafah crossing **2,613** (**1,698**wounded, **915**Patients) The number of companions reached **1,785** Since the beginning of the aggression.
- The total number of daily martyrs reached **124** One martyr, while the total daily number of wounded reached a number **210** Half of them wounded Serious injuries.

The cumulative number of martyrs since the beginning of the aggression has reached **30,534** martyr, **70%** Among them are children and women ( **17,348** who are they registered through the central information system, while more than **13,186** A martyr according to media sources due to the lack of communication with hospitals in Gaza and the North), and the number of wounded exceeded more than **71,920** injured.

The bed occupancy rate in operating hospitals reached more than **295%** The occupancy rate of intensive care beds has reached **267%**.

The Ministry of Health, through its hospitals and medical centers, continues to provide non-emergency services despite the burden The intense pressure as a result of the brutal aggression reached the total number of operations **10,828** In southern hospitals, The number of patients attending dialysis units in hospitals in the south has piled up, and today their number has reached more than **120**sick, and the maternity service continued despite the increased pressure due to the displacement of residents from the areas North.

- The cumulative number of ambulance services reached more than **89,216** Ambulance service since the beginning of the aggression.
- Government primary care centers continue to work despite the obstacles, the lack of medicines, the scarcity of water and food, and the lack of security And safety, as the total number of undecided people reached since the beginning of the aggression **994,224** Classified **75%** Including emergency services.
- Primary care recorded the number of people infected with infectious diseases, as it reached since the beginning of the aggression **713,580** condition.
- The Supreme Committee for Health Emergencies continues its tasks in managing the health system in coordination with partners and entities International and in cooperation with local health institutions.

!

## Second: Attacks and violations of the health sector

Stay healthy			first aid	Founders	Get healthy	Closing health institutions			
Martyrs	Injuries	M		Targeted	H	partially and completely	M	u will be healed	center correct Y
348	400	269	126	515			32	53	

- Israeli violations against the health system led to martyrdom **348** From health personnel and owners Medical expertise

and more than one injury **400** And more than one arrest **169**.

- The number of health institutions targeted (partially and completely) since the beginning of the aggression has reached **155** institution.

- The Israeli occupation deliberately targeted health institutions, which led to the expulsion **32** hospital **53** Focused Medically, he was out of service due to targeting and running out of fuel.

Hospitals have lost their treatment and capacity, and medical teams are treating the wounded with very limited capabilities.

The occupation deliberately targets ambulances, the most recent of which was the targeting of an ambulance transporting injured people Heading to the Arab Republic of Egypt, this led to destruction **more than 126** An ambulance out of service.

\* \* Attached (1) are the names of the hospitals that are out of service

\* \* Attached (2) are the names of the martyrs of health personnel during the ongoing Zionist aggression

## Massacres against Palestinian families in the Gaza Strip

- The number of families against whom massacres were committed is more than **2,750** family.

The number of massacres against families in the Gaza Strip reached Sunday **13** massacre.

!

## Third: Transferring the wounded abroad

- The number of sick and wounded people who left the Gaza Strip for treatment abroad via the Rafah crossing reached 100,000 **2,613**(who are they **1,698**

wounded, **915**He became ill and the number of companions reached **1,785**Since the beginning of the aggression.

The number is very small compared to the large number of cases that require operations and follow-up.

- there **10,000**An injured person needs to travel for treatment to save a life.

- there **9,000**Cancer patients face the risk of death.

## ! Fifth: Hospitals

- Accommodation beds in government hospitals in the governorates

The average bed occupancy in operating hospitals reached more than **295%**

- All hospital beds were converted into surgical beds (obstetrics and internal medicine), and an expansion was made to receive the wounded.

In order to increase the clinical capacity of hospitals, early discharge is made for some cases in which there is no problem with their discharge.

- Extra beds were expanded in corridors, tents and schools.

the hospital	Total number of expanded beds Basis j (before expansion)	Total patients Dr The family sick out Expansion H	Total patients dd The mother family Add Yes	Number of wounded (Extreme events )	Family occupancy rate % (Total number of diseases/total Number of basic beds j)

<b>Total</b>	<b>12</b>	<b>34</b>	<b>32</b>	<b>25</b>	<b>2</b>	<b>76%2</b>

### + note/

- Bed occupancy in intensive care units varies greatly due to the large influx of cases and early discharge of the injured, and this may expose patients to danger. A strict policy has been prepared for admission to intensive care, so the numbers do not reflect the current situation.
- Nasser Medical Complex has run out of many intensive care medications.

- **Statistics of surgical operations**

- Total daily surgical operations performed **48** surgery (**43** In M. European Gaza, **5** In M. Al-Najjar) and the total cumulative surgical operations amounted to **10,828** practical.

**The distribution of operations by hospital is cumulative**

**note**

- More than one operation was performed on more than one patient in one operating room, and some operations were performed in Corridors, sobriety, and without drugs.
- Cases are not emptied from the recovery ward after operations are performed due to the lack of beds for the injured There are dozens of injured people in the recovery rooms.
- Nitrous gas has run out in operating rooms, and there is a shortage of other medical gases.
- Loss of communication with Al-Aqsa martyrs due to the Israeli occupation.
- Nasser Medical Complex was out of service due to the Israeli occupation.

## - Kidney dialysis departments

- Total dialysis was performed for a number **120** Case in hospitals during 24 hours.

#	the hospital	number of units	the number	Observing T

Sixth: Ambulance and emergency

- The total number of ambulance missions carried out by ambulance service providers reached (22 to 02/29/2024) **1,901** a task.

Number of emergency missions (daily)					
	Ministry of Health (f Ambulance and ambulanc e and)	Crescent Afather-in-law Philistine NY	Cities defense Y	Services to YesCIV	a J Financial
Martyrs	187	28	0	40	<b>552</b>
Injuries	1385	116	0	45	<b>664</b>
My daily total	<b>1572</b>	<b>144</b>	<b>0</b>	<b>85</b>	<b>1901</b>

  

Number of emergency missions (cumulative)					
	Ministry of Health (f Ambulance and ambulanc e and)	Crescent Afather-in-law Philistine NY	Cities defense Y	Services to YesCIV	a J Financial
Martyrs	7261	6301	2082	166	<b>1021</b>
Injuries	26555	21672	4995	1844	<b>0667</b>
Cumulative total	<b>33816</b>	<b>27973</b>	<b>7077</b>	three hundred fifty	<b>16289</b>

- The ambulance system is no longer able to respond to all distress calls to transport the wounded and injured from the field to the hospitals where they were transferred. A large number of wounded and martyrs passed through citizens' cars.

- A large number of victims are still under the rubble and on the roads, and ambulance and civil defense crews cannot reach them.

The distribution of ambulance tasks according to the provider is cumulative

!

### Seventh: Primary care

- The total number of daily visitors to primary care centers reached **3,532**sick.

Centers operating during the emergency period

<b>Total accumulation Yemey beginning <del>of account</del> that</b>			<b>4229</b>	<b>54841</b>	<b>1976</b>	<b>44447</b>	<b>13891</b>	<b>27953</b>
Vaccinations-8 types of vaccinations were provided, some of which are sufficient for three months and some for more than that, with the exception of the rotavirus vaccine, which was <del>not provided</del> .								
comments	<ul style="list-style-type: none"> <li>- It has been closed 40 health centers (8 in the north, 11 in Gaza, 9 in the middle, 10 in Khan Yunis, 2 in Rafah) due to (unsafe border areas, difficulty for citizens to reach them) and distributing employees to the centers in the governorates.</li> <li>- Primary care services are provided in 48 medical points distributed in shelters and citizens' gathering centers in the city of Rafah and Khan Yunis.</li> <li>- loss .PKU cards</li> <li>- Tests stopped Which used to work in the central laboratory of the Turkish Hospital, and now the equipment and materials are not available. TSH and PKU</li> <li>- The maternal and child health brochure was out of stock, and UNICEF was contacted more than once to no avail.</li> </ul>							
	<ul style="list-style-type: none"> <li>- A severe shortage in the nursing workforce and a limited shortage of doctors, especially in the Gaza region due to the displacement of citizens to South Sudan. The work environment is disastrous due to interruptions in electricity, water, and food supplies, and the absence of security and safety.</li> <li>- A shortage of medicines and medical consumables and a shortage of primary care items of more than 60% of the core list of primary care medications.</li> <li>- 350,000 chronic patients are without medication, and this leads to serious health complications for chronic patients.</li> <li>- Difficulty in getting employees to their workplaces in health centers.</li> <li>- Intense pressure from people visiting health centers due to the displacement of citizens and the cessation of services provided by the relief agency.</li> <li>- We are unable to reopen new centers to provide vaccination services due to the lack of nursing staff.</li> </ul>							
Obstacles	<p>The closure of most UNRWA centers for its services increased the pressure of people visiting primary care centres.</p> <p>The accumulation of displaced people in the southern regions increased the work pressure on primary care centers in the south.</p> <p>The crowding of displaced people in shelter centers in light of these cold conditions has increased the spread of respiratory, skin, and other infectious diseases. A threat to the health system and citizens.</p> <p>- Attack on working crews by citizens (chaos in all our centers, where citizens exceed all limits in order to charge their mobile phones) m and batteries</p> <p>Their homes and to fill water... etc.</p>							
	<p><b>B</b> Gaza strip</p> <p>Which constitutes</p>							

Distribution of people attending primary care according to the type of service provided daily

- Cumulative infectious diseases report from the beginning of the aggression until the date of (02/18/2024)
- Monitored and recorded **713,580** Infectious case in primary care centers, government and UNRWA.
- Of which **8,480** A case of hepatitis C type infection As a result of massive overcrowding in shelter centers Low levels of hygiene in places of displacement in the Gaza Strip.
- No survey was conducted for infectious diseases in shelter centers and gathering places for displaced people due to the bombing The continuous and dangerous movement of human staff.

#### Distribution of infectious cases registered in primary care centers and UNRWA by type of disease

!

## Eighth: Laboratories and blood banks
